

KIPP: SHARP

Summer reading Challenge- read! baby read!

The end of the year is just around the corner! It has been awesome to see our SHARParoos grow academically this year, and we are very proud of their hard work.

This summer students will be participating in a reading challenge in order to continue learning. After a student reads for 25 minutes for the day, they will log their work on the log provided or on a separate piece of lined paper. They will write down the date, book title, how many minutes they read and get a parent signature. Try to complete the entire reading log sheet because for every completed sheet turned in next school year, the student will receive a raffle entry. You can check out books from the local library, read books already at home or use any online library like getepic.com

You can make additional copies of the log or use a sheet of paper to record more book titles and earn extra entries for the raffle.

Have a great summer and happy reading!

Desafío de lectura para el verano - “read! baby read”

¡El fin del año escolar está a la vuelta de la esquina! Ha sido increíble ver a nuestros SHARParoos crecer académicamente este año y estamos muy orgullosos de su arduo trabajo.

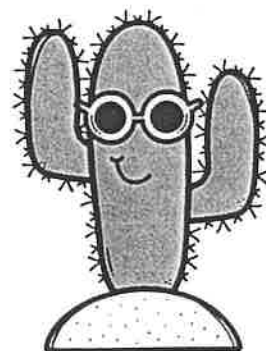

Este verano los estudiantes participarán en un desafío de lectura para continuar aprendiendo. Después de que un estudiante lea durante 25 minutos durante el día, registrará su trabajo en el registro proporcionado o en una hoja separada de papel rayado. Anotarán la fecha, el título del libro, cuántos minutos leyeron y obtendrán la firma de los padres. Tratando de completar toda la hoja de registro de lectura porque por cada hoja completa que entregue el próximo año escolar, el estudiante recibirá un ticket para una rifa. Puede sacar libros de la biblioteca local, leer libros que ya tienen en casa o usar cualquier biblioteca en línea como getepic.com

Puede hacer copias adicionales del registro o usar una hoja de papel para registrar más títulos de libros y ganar tickets adicionales para la rifa.

¡Que tengan un excelente verano y feliz lectura!

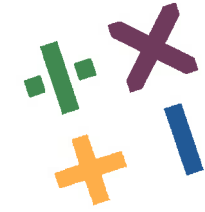

SUMMER READING LOG

LET'S CONTINUE LEARNING- READ FOR 25 MINUTES EACH DAY

[illegible]

K-1st Summer Math Challenge- Addition, subtraction and counting forward/backwards

The end of the year is just around the corner! It has been awesome to see our SHARParoos grow academically this year, and we are very proud of their hard work.

This summer students will be participating in a math challenge where they will practice math facts in order to continue learning. Students will work on addition, subtraction and counting forward/backwards. After a student completes 25 minutes of work for the day, they will log their work on the log provided or on a separate piece of lined paper. They will write down the date, math fact worked on for the day (addition, subtraction or counting forward/backwards), how many minutes they worked and get a parent signature.

Students will receive a raffle entry for every completed log. You can make additional copies of the log or use a sheet of paper to record more practice and earn extra entries for the raffle.

You can print the worksheets or have your child copy the problems onto a different sheet of paper. Make sure your child shows their work when completing.

Have a great summer and happy learning!

K-1 Desafío de matemáticas para el verano: sumas, restas y contar hacia adelante y hacia atrás

¡El fin del año escolar está a la vuelta de la esquina! Ha sido increíble ver a nuestros SHARParoos crecer académicamente este año y estamos muy orgullosos de su arduo trabajo.

Este verano, los estudiantes participarán en un desafío de matemáticas donde practicarán operaciones matemáticas para continuar aprendiendo. Los estudiantes trabajarán en operaciones de sumas, restas y contar hacia adelante y hacia atrás. Después de que un estudiante complete 25 minutos de trabajo durante el día, registrará su trabajo en el registro proporcionado o en una hoja separada de papel rayado. Anotarán la fecha, los datos matemáticos en los que trabajaron durante el día (suma, resta o contar hacia adelante o hacia atrás), cuántos minutos trabajaron y obtendrán la firma de sus padres.

Los estudiantes recibirán tickets para una rifa por cada registro completado. Puede hacer copias adicionales del registro o usar una hoja de papel para registrar más prácticas y ganar tickets adicionales para la rifa.

Puede imprimir las hojas de trabajo o hacer que su hijo copie los problemas en una hoja de papel diferente. Asegúrese de que su hijo muestre su trabajo al completarlo.

¡Que tengan un excelente verano y un feliz aprendizaje!

MATH FACTS LOG

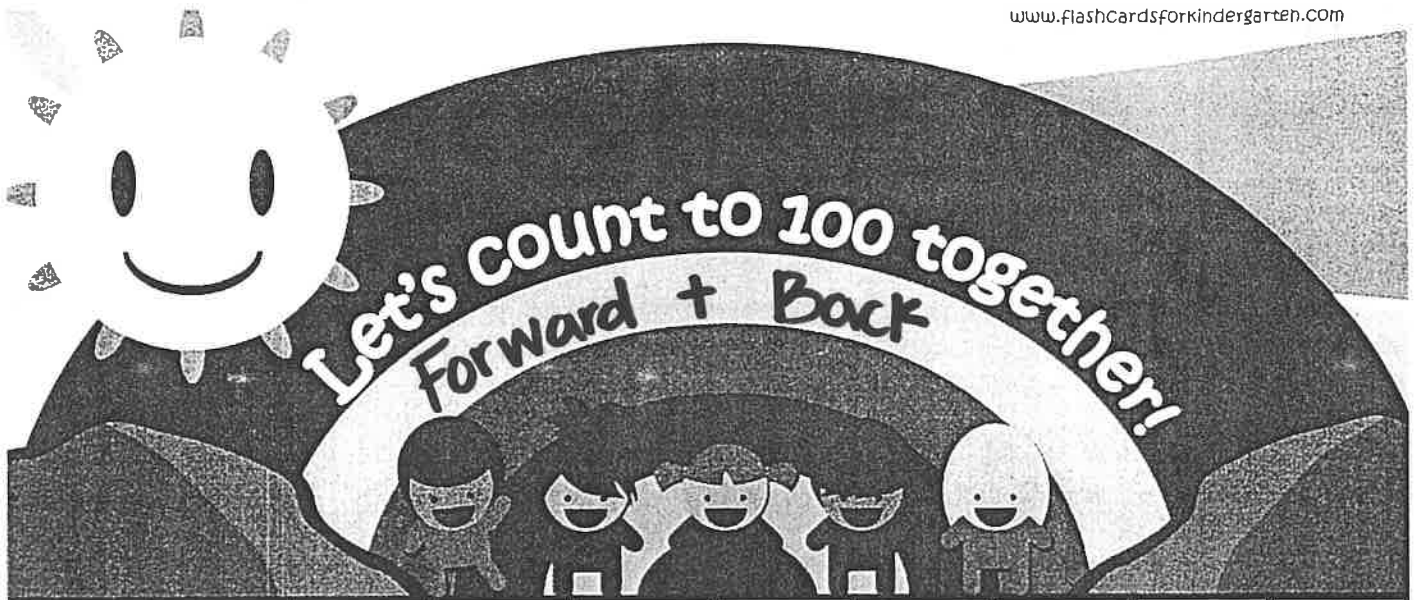

EACH NIGHT, I WOULD LIKE FOR YOUR CHILD TO STUDY THEIR MATH FACTS. PLEASE HELP TO ENSURE THAT YOUR

CHILD IS TAKING TIME TO LEARN THEIR FACTS BY SIGNING THEIR MATH FACTS LOG EACH NIGHT. 😊

Study for at least 25 minutes. You can print or create the log on a sheet of paper.
